2. ASSEMBLY - the earliest date when the exhibition area will become accessible is: **September 7, 2001 from 8 a.m.**

Stay in the exhibition area is permitted from the moment of registration of the exhibitor, on the basis of the "assembly/dismantling cards" at the time specified by p. 1 – Time of availability.

Important: Without registration of the exhibitors upon arrival their entry into the exhibition area and commencement of construction will not be permitted. **By 6 p.m. on September 10, 2001 it is necessary to remove all remaining materials from the exhibition areas, including transport packages and to make the paths available for general cleaning and laying of carpets.** If the time specified for their removal is not respected, ABF will have the right to have everything removed at the exhibitor's expense without any right of reimbursement.

Storage of any material in technical corridors (especially behind the rear wall of the stand) is **prohibited** for fire, safety and operational reasons.

3. TECHNICAL AND OPERATIONAL CONDITIONS

- Architectural design and operation of the exposition must not disturb or limit other expositions.
- The exhibition stand outline must not exceed the outline of the exhibition area leased, not even above the level of the ceiling structure of the stand. Any possible excess of the collar or eye catcher into the path is only possible after written approval by the Trade Fair Administration ABF provided that the minimum height of the bottom edge is 3 m, and it will be subject to the payment of CZK 1,450.- for each square meter of projection into the ground plan.
- With the exception of manual material handling trucks it is forbidden for any other transport mechanisms and cars to enter into the exhibition halls. In the case that the floor of the hall is damaged, the exhibitor is obliged to settle the damage arisen in full amount.
- In all indoor exhibition areas **smoking and handling of a naked flame is strictly prohibited**, any failure to comply with this ban will be punished with a fine by the fire inspection staff to be paid on site.
- The expositions which are ensured for the exhibitors through the ABF mediation, will be, in accordance with your orders, ready for taking over by your firm from 9 a.m. on September 9, 2001 (over 25 m²) and from noon on September 9, 2001 if they are situated outdoors, respectively.
- The assembly connections of electricity (220 V) will be available from the day of the permitted stand assembly (see p. 1), from several places in the halls or area. For this reason we ask you to ensure your own extension cables - approximately 50 m.

- The connections of water, electricity, telephones and the Internet will be installed (after the exhibitor's registration) for the time of assembly, not later than by 4 p.m. on October 10, 2000. A precondition for the connection of electricity to those stands which are ensured by the exhibitors with their own means is the inspection of the electric equipment by the organiser's inspection officer.
- It is not allowed to leave any electric consumer operating without surveillance. It must be disconnected from the mains if you are leaving the area.
- It is **forbidden** to suspend any eye catchers, flags, etc. on the hall structure, except for those cases which were expressly approved by the Trade Fair Administration ABF for a payment agreed upon beforehand.
- The stand must not be in contact with the structure, walls or roof of the exhibition halls. The distance of the highest point of the stand from the hall roofs must be at least 70 cm.
- **During the assembly it is forbidden to cut or grind building materials in the indoor exhibition areas because it causes excessive spoiling of the local environment and dusts (plasterboard, tiling materials, fibreboard, etc.) without using the effective exhausting machinery.**
- **Conditions for a dusty assembly:**
- In hall: within the cutting and grinding it is necessary to have an exhausting machinery equipment. In the case a company didn't use a corresponding equipment during its assembly, it must do this activities on specified locations out of the hall.
- As mentioned above there - out of halls - there will be specified places for cutting and grinding materials. Next to the places there will be specified areas for a short-time storage of work materials during the assembly. In the case of using other areas there will be accounted a compensation of polluted areas cleaning.
- It is forbidden to discharge remaining paints and other toxic substances, which could spoil or otherwise endanger the environment, into the sewerage system, washbasins and siphons. The exhibitors or the firms authorised by the former are obliged to collect these unused materials and dispose of them at their own expense.
- **During the Trade Fair it is allowed to operate any audio visual, acoustic, musical, dancing and other productions for a time not exceeding 8 minutes per hour and only provided that other exhibitors will not be disturbed through the operation of these means. Should these conditions not be complied with, the exhibitors will be fined CZK 5,000.- and in the case of a repeated breach they will be punished by a ban on the operating of all productions.**
- The exhibits which are to be presented in operation can only be serviced by the persons authorised to do so.
- The exhibits presented must be secured, on the part of the exhibitors, in such a way that no third persons can handle them.
- **Besides the above specified business hours of the Trade Fair and time period available for the supplying of stands it is forbidden to stay in the exhibition areas. Please, observe these instructions of the ABF and security service staff.**
- The exhibitors which ensure the construction of the stand with their own means, or possibly through an advertising or realisation agency are obliged to hand over, before the end of the dismantling period, their exhibition area leased as fully empty and in the condition in which they took it over, i.e. to remove also its floor coverings (carpets, PVC) and to remove sticking carpet strips at their own expense. In the case that the exhibition area is damaged (through drilling, cutting, breaking, excessive spoiling, etc.) the exhibitor is obliged to pay the damages in full amount.
- The placement of billboards, eye catchers as well as the distribution of printed and other materials is only allowed upon payment after prior agreement with the organiser and subject to its written approval.
- **Technology of carpets' affixing :**

For spreading of carpets to expositions in halls 1, 2, 7 it is necessary to observe the following process:
On the concrete floor to stick at first a masking-paper tape and successively an arbitrary reversible carpet tape. Masking tape can be bought directly at the exhibition ground.

After the end of an assembly term the exhibitor is obliged to pass on a quite empty and clear area in the same condition in which he has received it. In the case of a damaging or soiling the exhibition area the exhibitor is obliged to settle the damage in a full amount. More detailed information: Ing Čehyl, Mr.Steiner

Tel: 420 2 22 891 611 612
